

MISFIT TOY SOCIETY
Life Outside the Box

WHAT IS THE MISFIT TOY SOCIETY?

A church, outside of the societal norms, tailor made for a targeted culture that, like all Christians, was never meant to fit inside a box.

“The goal of the Misfit Toy Society is to provide immediate input and pastoral support to active duty military, veterans, law enforcement and first responders.” Duke

The 1980's found the rise of biker churches worldwide; churches created to meet the needs of a specific culture, that were sometimes misunderstood. However, like everyone, they needed God and everything He heals & restores.

As of September 2019 there were more than 2.7 million active-duty United States military, reserve and civilian contractors. In 2018 there were close to 700,000 full time law enforcement officials. This number is higher than the population of 100 countries worldwide. In 2019 there were more than 17.9 million United States veterans. Add that with numbers above and you now have a people group equal to more than 177 countries in the world. These numbers exclude their families. United States active military, veterans, contractors and their families face challenges such as:

- Traumatic Brain Injury (TBI)
- Post Traumatic Stress (PTS)
- Depression
- Substance Use
- Suicide (2018 had the highest number of suicides among active-duty personnel)

WHY THE NAME MISFIT TOY SOCIETY?

“Shepherd of Misfit Toys” is a name, not asked for, but given approximately 10 years ago. To be specific it was Shepherd of the Island of Misfit Toys. To many outside of these circles the name makes little sense and sounds like a premise for a cartoon series. Prayerfully thought out and knowing that the name wouldn’t make sense to most, we canvased a group of current and former military, contractors, law enforcement and employees of government agencies and the feedback was unanimously favorable with responses such as “I love the idea and I love the visual representation of it!”

WHAT TYPES OF CONNECTION & LIFELINE?

PODCASTS

Our vision is to begin scheduling and creating podcasts that are both instructional and conversational. Currently we are working on scheduling well known former special forces, industry trainers and personalities. Additionally we have been talking with parties directly involved with the 501c3 Warriors Heart.

LIVE BROADCASTS

MisFit Toy Society’s main “service” broadcasts will begin in 2020 with service times to be announced. They will broadcast live on Friday nights from 6:30-7:30pm. This broadcast will bring the Word and have a time of prayer.

TARGETED CONTENT TO HELP WITH IMMEDIATE & REMEDIAL ACTION

The phone calls that have come in over the years have ranged from “I’m going to eat my gun” to “I cried out and asked God what to do and he said call Duke”. It has been an honor to be the vessel that was used to share love and hope. Targeted content is being created using these years of meaningful and effective connections to zero in and address some of the more pointed problems like suicide, depression, divorce, and death as well as financial strength and inner contentment.

RALLY POINTS -MEET UPS, NATIONWIDE

For years Duke has had invitations, nationwide, to minister to this community. These invitations have come through the form of breakfasts, ride-alongs, dinners, funerals, conventions, training weekends, hospital visits and so many others. Traveling to these God-ordained meet-ups will become a key part of the ministry of The Misfit Toy Society. That one-on-one, “God wants to be your best friend,” message from a brother they love and respect changes lives. We see it happen over and over again.

DUKE KRIEGER is an outsider who's been welcomed as a friend to military, law enforcement, first responders and other government agency employees, into their social communities. It is an honor he does not take lightly. He has had the privilege of leading many of brave men and women to Christ through a connection that only God could arrange. Paul, who wasn't Greek, was called to the Greek people. He said to these Greeks, of whom he did not

originate from, "I have you in my heart". He knew the culture and the people whom God was sending him to serve, he spoke their language and lived among them.

Duke understands this world and its inhabitants and interacts with them daily, seeing their world through God's eyes of love like few other outsiders are privileged to.

Duke Krieger and his wife Shannon moved to Tennessee in 2013 with their 3 children. Shortly after their move they planted a non-denominational word of faith church in rural Springfield; a small town northwest of Nashville. For information on that work you can visit <https://loffc.org>. With their fourth child on the way Life of Faith Family Church faithfully brings the Word to the community every Sunday morning and through their Wednesday evening 'Faith Clinic'.

PARTNERING WITH THE MISFIT TOY SOCIETY

Partnership is a communication, a giving and receiving, the natural and supernatural together. Partnership is the two of us bound together in the love of God. We commit to God, and to you, to keep ourselves and this entire operation pure; our whole way of life.

The New Covenant say that God shall supply all our need; at the same time, we would not want to deny others the opportunity to reap bountiful harvest by sowing into what Jesus is doing.

Know this; we expect harvest to abound to *your* account. The anointing and favor on this ministry will work in your lives and ministries, and we expect God-connections of favor to occur as you are an influence for Him within the cultures He sends you to.

FAITH AND PRAYER: Be in agreement with us that doors of favor are opening continually, and that divine connections are happening -no Gospel effect can be made with God's favor supernaturally making connections for us. Prayers of thanksgiving, that this is happening for us, continually.

FINANCIAL SUPPORT: If The Lord should lead you to partner with us financially, these are examples of things we have released faith for:

- Broadcasting Equipment
- Meet-ups with local military or law enforcement
- Travel and Transportation
